CAPE INSTITUTE OF TECHNOLOGY
ABOUT US

VISION

Imparting Technical Education to the rural students and striving for their betterment in the society

MISSION

To produce competent engineers with excellent Technical and Interpersonal skills, making them self-reliant with social responsibility

GREEN MISSION

Our Institute is First among southern district to implement Green mission. We are now making association to represent GOI and GRI in green space environments, we plan to conduct conclave by 15th of June with UN

PLACEMENT AND TRAINING

In today's vibrant marketplace, Corporate seek Students with analytical and interpersonal skills. Our placement activities aim to match the requirement of the recruiters and the aspirations of the students. We have a tie up with some Foreign companies so provide training to learn Japanese, German, Spanish and French in our campus.

DIGITAL LEARNING

Due to Covid 19 Crisis, Education system is highly affected globally. Hybrid learning technique is mentally accepted. Green jobs. Cape provides skill and training to GREEN JOBS with mini of skill and training. Our COEs and team take responsibility

EDUCATE AND RAISE THE MASSES, AND THUS ALONE A NATION IS POSSIBLE.

Swami Vivekananda

EXPERTS LEARNING

We invite Industry faculty across India to teach our students to understand more about updated technology and how to adapt with them. Companies like FOXCONN, and AVALON in electronics area of Semiconductor, Chips electronics mobile and Defense corridor India now export defense equipment.

INFRASTRUCTURE

The thirst of modern youth in India, especially in Tamil Nadu, for studies with job opportunities is best quenched by the Cape Institute of Technology, (CIT). This was established in the year 2001 at Levegnipuram. It is recognized as one of the quality Institutions by ISO-9001-2000 and is approved by the AICTE, New Delhi. Our Institute supports rural economy, women empowerment

CONNECTIVITY

Numbers of COEs are working effective and efficient way to make our student to learn and develop knowledge. We believe on action through our connections we can built cape in new direction after Pandemic crisis.

DEVELOPMENT

We are sure that as a team we can contribute in micro level by producing skill man power for our country with nation spirit built our nation Third largest economy all over the world

YOU WERE BORN WITH WINGS. DON'T CRAWL. LEARN TO USE THEM TO FLY AND FLY.

CAMPUS LIFE

CAMPUS LIFE

CAPE GREEN MISSION SAVE EARTH, SAVE OURSELVES

"The CAPE GREEN MISSION, established in the CAPE GROUP by its Honourable Chairman, Er. I. Krishna Pillai, refers to a social movement focused on protecting the natural environment, including air, water, land, and biodiversity, from the impacts of human activities."

"The environmental movement at CAPE began in the last even semester of 2022 and has gained momentum this semester, driven by growing student awareness of environmental degradation, such as air and water pollution and the loss of natural habitats due to deforestation and other forms of land use. Our goal is to reach and educate one lakh students about these issues within this year. and Empower them as Cape Green Volunteer (CGV) to spread the message to million others."

About UN-SDSN

The United Nations Sustainable Development Solutions Network (SDSN) is a global initiative launched in 2012 by the United Nations Secretary-General Ban Ki-moon to mobilize academic and scientific communities, civil society organizations, and the private sector to promote sustainable development worldwide. The SDSN aims to identify and promote innovative solutions that can accelerate progress towards achieving the United Nations Sustainable Development Goals (SDGs), which include eradicating poverty, ensuring sustainable consumption and production patterns, promoting sustainable economic growth, and addressing climate change.

Courses Offered

UG Programmes

- B.E. Civil Engineering
- B.E. Mechanical Engineering
- B.E. Computer Science & Engg.
- B.E. Electronics and Comm.Engg.
- B.E- Electrical & Electronics Engg.
- B.Tech. Information Technology
- B.E. Artificial Intelligence & Machine Learning

PG Programmes

- M.E. Structural Engineering
- M.E. Power Electronics & Drives
- M.E. Computer Science and Engg.
- M.E. Energy Engineering
- M.E. Applied Electronics

MBA Programmes

- MBA. Financial Management
- MBA. Human Resource Management
- MBA. Marketing Management

Department Activities- 2k23

Placements

A placement is a period of work experience that is integrated and assessed as part of a student's degree. It differs from an internship, which is an extracurricular placement that requires students to apply their course learning in the workplace and vice versa. Our institution provides campus interviews for final year students and guarantees them 100% placement. Every year, one of the best companies from Japan recruits from our college, and more than 50 students are placed in Japan. Our institution also provides facilities for learning the Japanese language, which is taught by Japanese instructors.

Placement Officer

CAPE INDUSTRY INSTITUTE RELATIONSHIP

Better interaction between Institutions and Industry is the need of an hour. For students it is important because they get exposure to industry and subsequent placement in various disciplines. On the other hand, with the advent of globalization and opening up of Indian economy to outside world, competition among the industries has become stiff. So 50 Executives from industries were invited for all the subjects to offer practical insights on crucial topics in this semester.

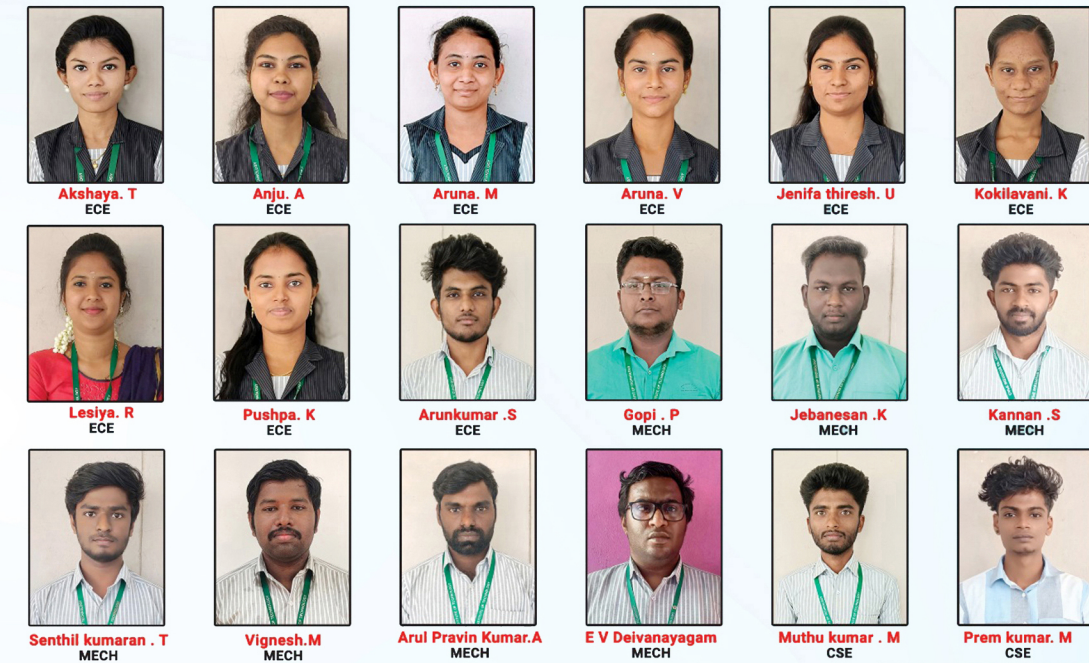

SKILL DEVELOPMENT CENTRE

CAPE INSTITUTE OF TECHNOLOGY

Learning is the most essential tool to enhance the socio-economic growth of not only an individual but also of the entire nation. The higher education of 21st century faces several challenges in providing skill-centric learning, meeting the needs of the industry and society in the global platform. To confront such challenges, Cape Institute of Technology has established Centre for Skill Development, which aims to upgrade skills to international standards through significant industry participation and develop necessary frameworks of standards for quality assurance. Along with the outstanding academic learning, students in our institution are practically oriented with the different skill sets, bridging the gap between the academics and the industrial, societal needs.

Objectives of the Skill Development Centre:

- To conduct various skill development programmes to students and improve their employability.
- To promote entrepreneurship
- To contribute to the Manpower Development of our Nation and to elevate the standards of youth socially and economically.
- To endorse the knowledge exchange programmes.
- To facilitate the industrial institutional interactions.
