

Report: Guest Lecture on Study Abroad

Date: 13th March 2024

Resource Person: Dr. C. Selvamony, Managing Director, ACS International Educational Consultancy

Introduction:

A guest lecture on "Study Abroad" was organized on 13th March 2024, with Dr. C. Selvamony, Managing Director of ACS International Educational Consultancy, as the resource person. The lecture aimed to provide students with information and insights on the opportunities and benefits of studying abroad.

Lecture Overview:

Dr. Selvamony began the lecture by highlighting the importance of international education in today's globalized world. He emphasized that studying abroad not only enhances academic knowledge but also develops essential life skills, such as cultural adaptability, language proficiency, and independence. The resource person also discussed the various destinations for study abroad, including the United States, United Kingdom, Australia, and Canada, and the popular courses offered in these countries.

Key Takeaways:

- Scholarship Opportunities:** Dr. Selvamony informed the students about the various scholarship programs available for international students, including government-funded scholarships, university scholarships, and private scholarships.
- Visa Procedures:** He explained the visa application process and the required documents for different countries, emphasizing the importance of timely submission and proper documentation.
- Career Prospects:** The resource person highlighted the career benefits of studying abroad, including increased job prospects, higher salary packages, and a global network of professionals.
- Cultural Adaptation:** Dr. Selvamony stressed the importance of cultural adaptation and adjusting to the lifestyle of the host country, which is essential for a successful study abroad experience.

Interactive Session:

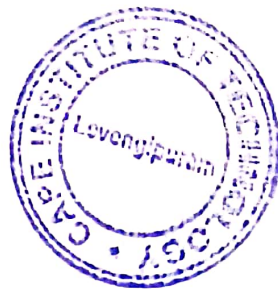

The lecture was followed by an interactive session, where students had the opportunity to ask questions and clarify their doubts. Dr. Selvamony provided valuable guidance and advice on topics such as course selection, university choice, and application procedures.

Conclusion:

The guest lecture on "Study Abroad" was a valuable experience for the students, providing them with a comprehensive understanding of the opportunities and challenges of international education. Dr. C. Selvamony's expertise and insights were highly appreciated, and the students benefited greatly from the interactive session. The lecture motivated the students to explore study abroad options and pursue their academic and career goals in a global context.

Attendance: 250 students and 10 staff members

Feedback: The lecture received positive feedback from the students, with many expressing their gratitude for the informative and engaging session.
